

CONTEMPORARY TRENDS WITH MIA*

One-Day state of art, information update

Date:
Sunday, November 29, 2009

Venue:
Hotel Sea Princess, Juhu, Mumbai

Time: 9.00 am - 6.00 pm

New updates for the
microimplants orthodontics

Micro Implants :
The future of Orthodontics

*Only for IOS Members

HIGHLIGHTS

New updates for the microimplants orthodontics

A speaker will discuss new updated knowledge of the treatment mechanics for bialveolar protrusion, openbite, whole dentition retraction, deepbite, correction of canted occlusal plane, and other minor tooth movement for preprosthetic orthodontic treatment.

Regarding factors affecting success of the microimplants, many parameters, inflammation, heavy load, occlusal force, bone density, root proximity, were suggested. However the failure rate of the microimplants is too low to find statistically significant failure-factors. The speaker will also discuss new research results of the failure factors.

Micro Implants : the future of Orthodontics

This one day Advanced course on the Clinical Use of Micro Implants will give you the necessary Acknowledge to Offer this new treatment approach to your patients.

Numerous case presentations, using the most recent technologies including Self ligating mechanics, Lingual technique, Invisalign appliances... will show the simplicity of use and the clinical advantages of the micro implants in contemporary Orthodontics.

SPEAKERS

Prof. Hyo-Sang Park

Professor and Clinical director,
Dept of Orthodontics and Dentofacial
Orthopedics, School of Dentistry,
Kyungpook National University,
Director at Orthodontic Research Center,
Kyungpook University Hospital

Dr. Skander Ellouze

Post graduate in orthodontics
Post Graduate in lingual Orthodontics
Active member of: E.S.L.O, C.E.O, LAS Society,
Adjunct Clinical Professor In orthodontics at Bordeaux
University - France
Practice of orthodontics exclusively for more than 20 Years
Private practice in Tunis – Tunisia

PROGRAMME

8.30 am	Registration
8.00 am	Welcome speech
9.00 am	Introduction to the World of Micro Screws: Dr. Mani K. Prakash
9.30 am	Introduction Uses of micro screw Implant as orthodontic Anchorage Micro Implant Sites of placement (Clinical Examples): Dr. Skander Ellouze
11.00 am	New update in En masse retraction of the dentition: Dr. Hyo Sang Park
12.30 pm	Biomechanics of Micro Screw Implants: Dr. Skander Ellouze
1.15 - 2.00 pm	Lunch
2.00 pm	Minor tooth movement with micro implants: Dr. Hyo Sang Park
3.45 pm	Challenging the limits of traditional mechanics, Passive Self ligation and Mini Screws: Lingual technique: How to improve treatment outcomes with Mini Implants: Dr. Skander Ellouze
5.00 pm	Panel Discussion Moderator: Dr. Mani K. Prakash
5.45 pm	Closing remarks

REGISTRATION DETAILS

	Before Nov. 20, 2009	Nov. 21, 2009 onwards
Doctors	Rs. 5,500/-	Rs. 6,000/-
Students	Rs. 5,000/-	Rs. 5,500/-
